Glowing Peace Rose Rosa 'Glowing Peace'

Height: 4 feet Spread: 4 feet Sunlight: •

Hardiness Zone: 6b

Group/Class: Hybrid Tea Rose

Description:

Beautiful eye-catching golden yellow blooms are framed with lovely hues of pink edging on the outer petals; a dramatic contrast with dark green glossy foliage on a solid upright bushy shrub; excellent for cut flowers, good disease resistance

Ornamental Features

Glowing Peace Rose is draped in stunning fragrant gold flowers with pink edges at the ends of the branches from late spring to early fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall colour. The fruits are showy red hips displayed in late fall.

Landscape Attributes

Glowing Peace Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Spiny

Plant Finder

Glowing Peace Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Planting & Growing

Glowing Peace Rose will grow to be about 4 feet tall at maturity, with a spread of 4 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.
